

MANUFACTURER SUPPORT SERVICES

Many healthcare manufacturers trust CME as their authorized agent for their installation, repair, and maintenance needs. The heart of our turnkey solutions entails providing best in class equipment and maintenance services throughout the lifespan of the products we support. We understand that quality and consistency of warranty and repair services reflects directly on the manufacturer, which is why we are here to support your team and complete any warranty services.

WHY WORK WITH OUR MANUFACTURER SERVICES SUPPORT TEAM?

- Our Installation Services offer a seamless experience to our customers - from procurement through replacement, and everything in between
- Create a stream of revenue from your post-warranty repair services
- Save on staffing and travel expenses with our team of technicians located across the country
- Provide consistency to your service offering using our own full time employees
- Uphold your brand promise and product performance to increase customer satisfaction and retention
- Stop spending time managing repairs and focus on product development and sales

Delivering a Better Experience
